

# Installing Ezidoesit

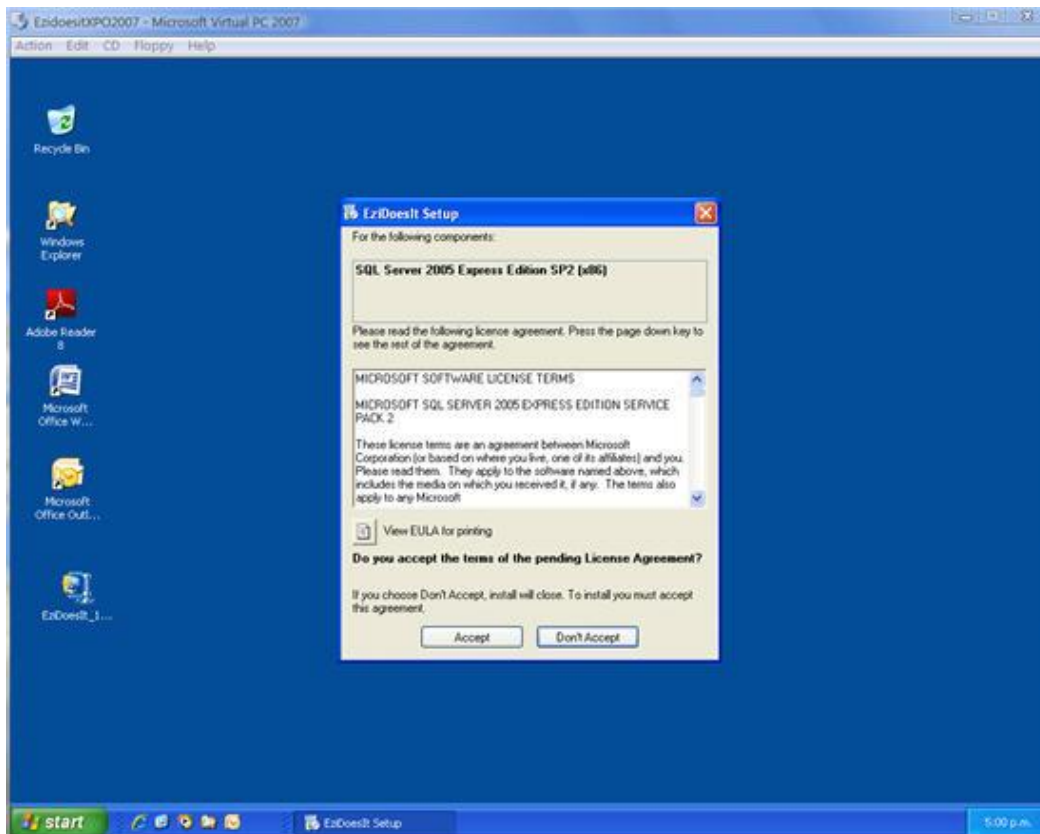

The following screens show how Ezidoesit installs and what displays on the screen.

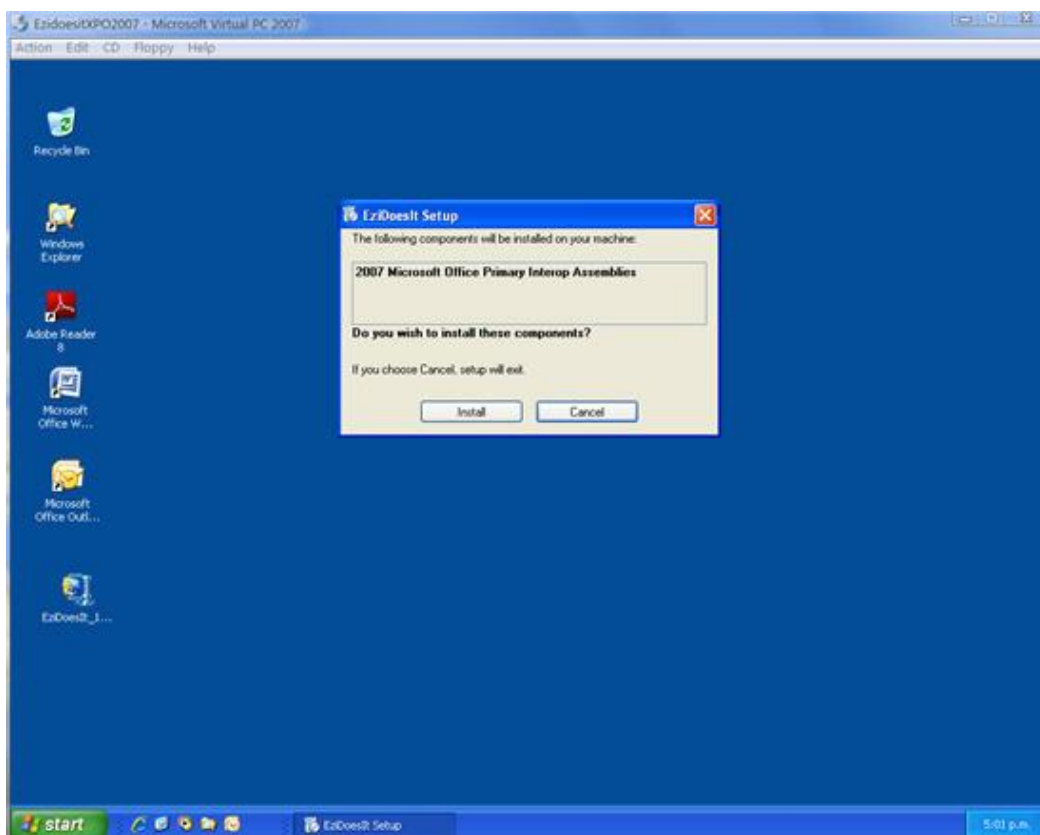

Click on Accept to accept the Microsoft .NET Framework 3.5 Licence Terms

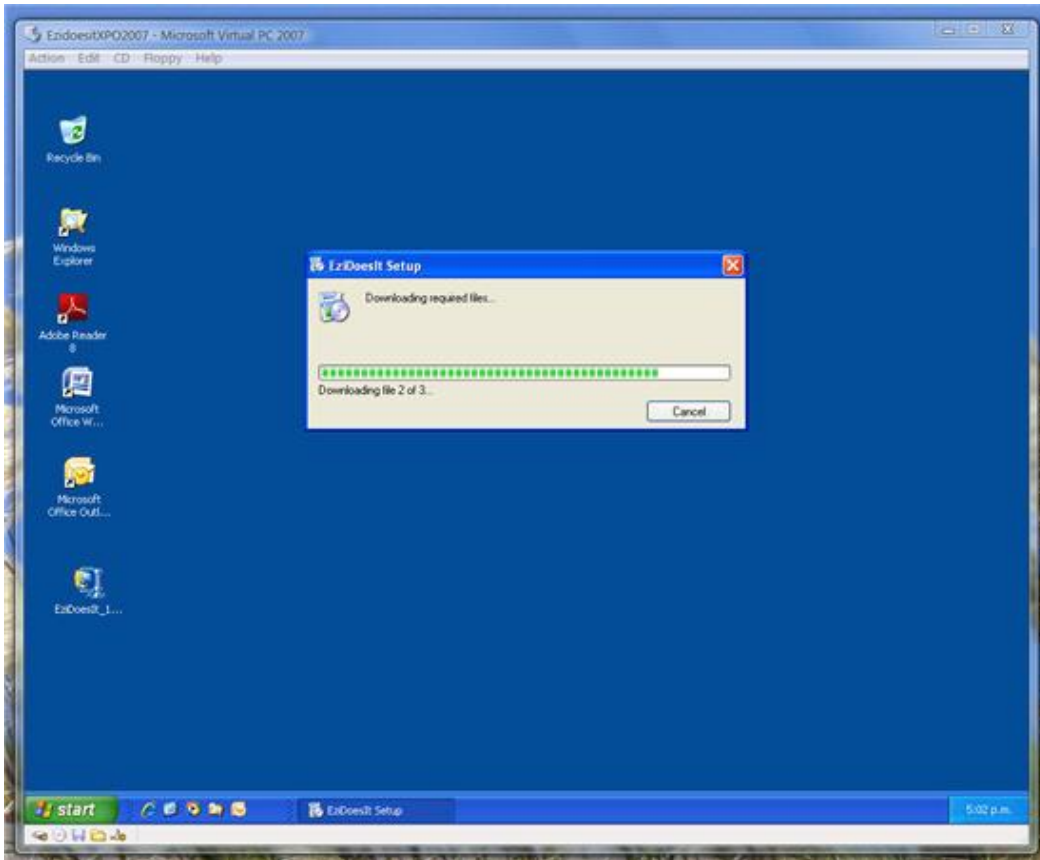

Click on Accept to accept the Microsoft Visual Studio for the Office system 3.0 Runtime Licence Terms

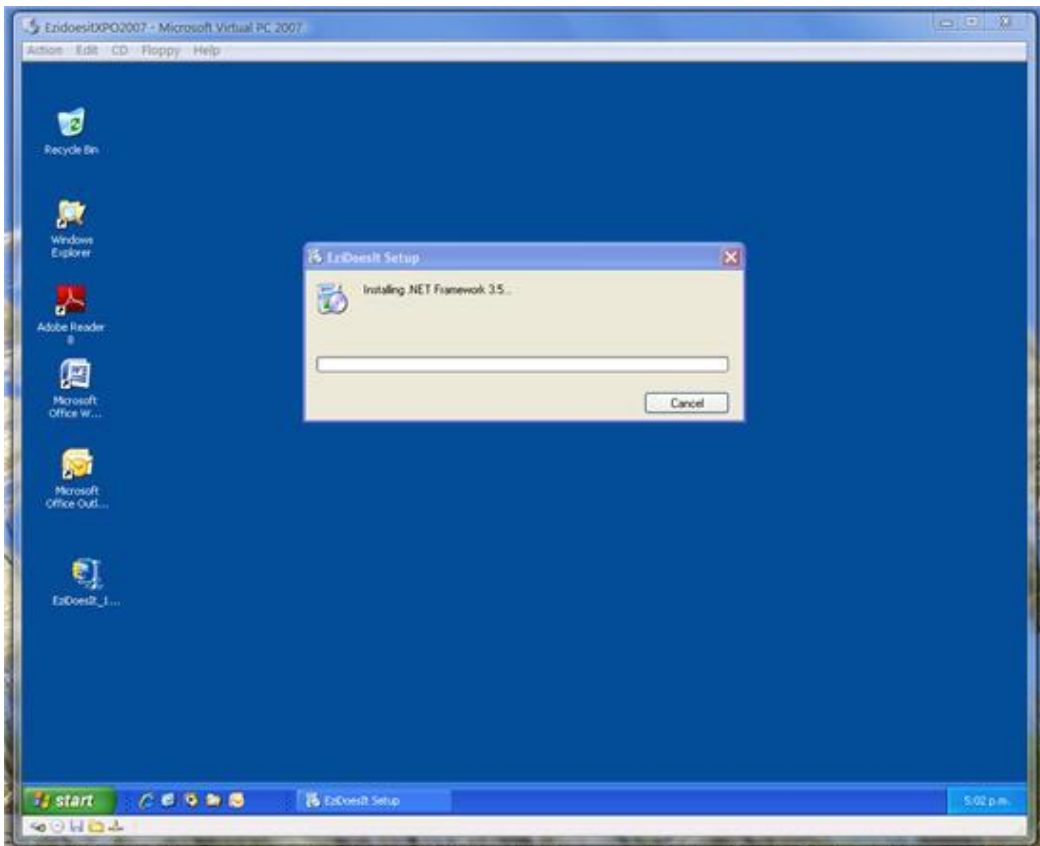

Click on Accept to accept the Microsoft SQL Server 2005 Express Edition SP2 Licence Terms

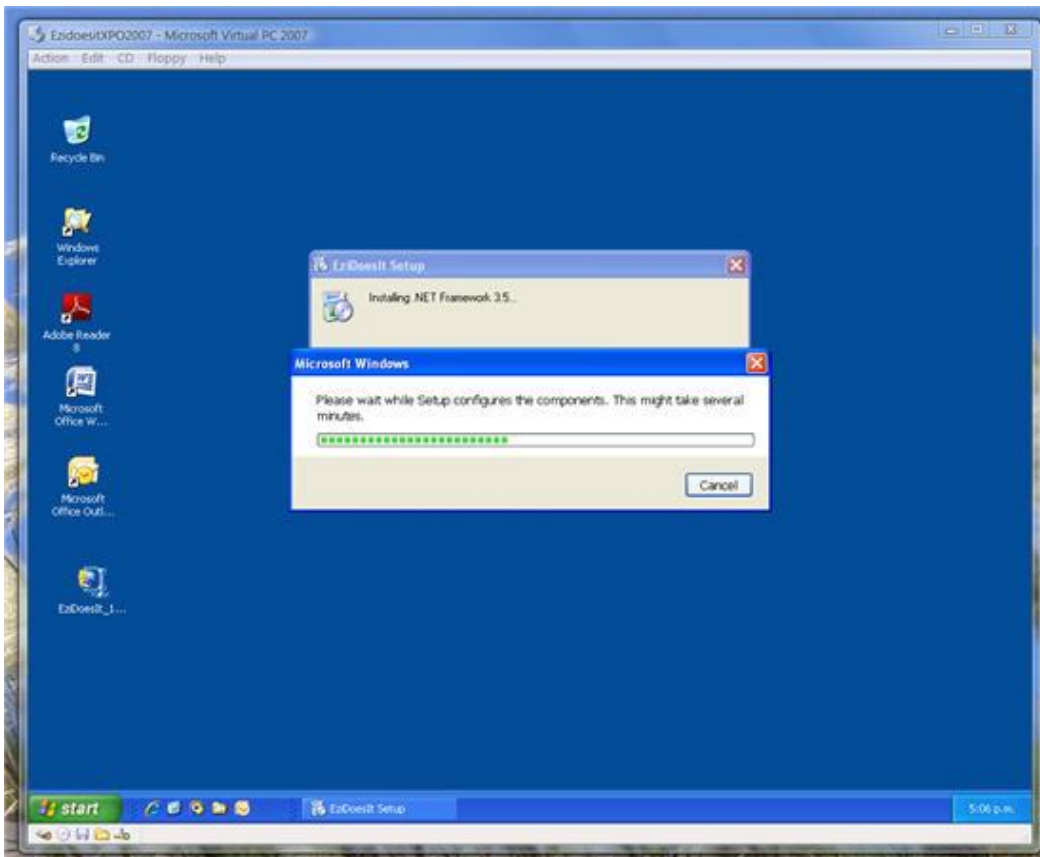

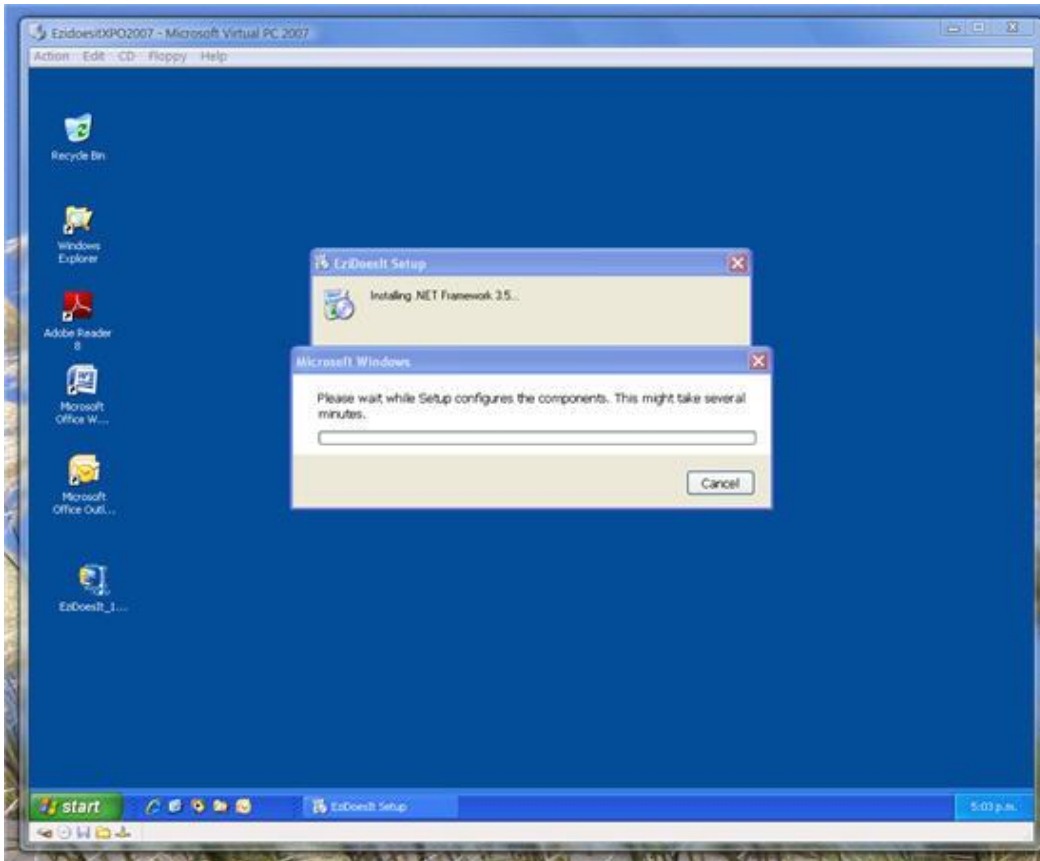

Click on Install to install the 2007 Microsoft Primary Interop Assemblies

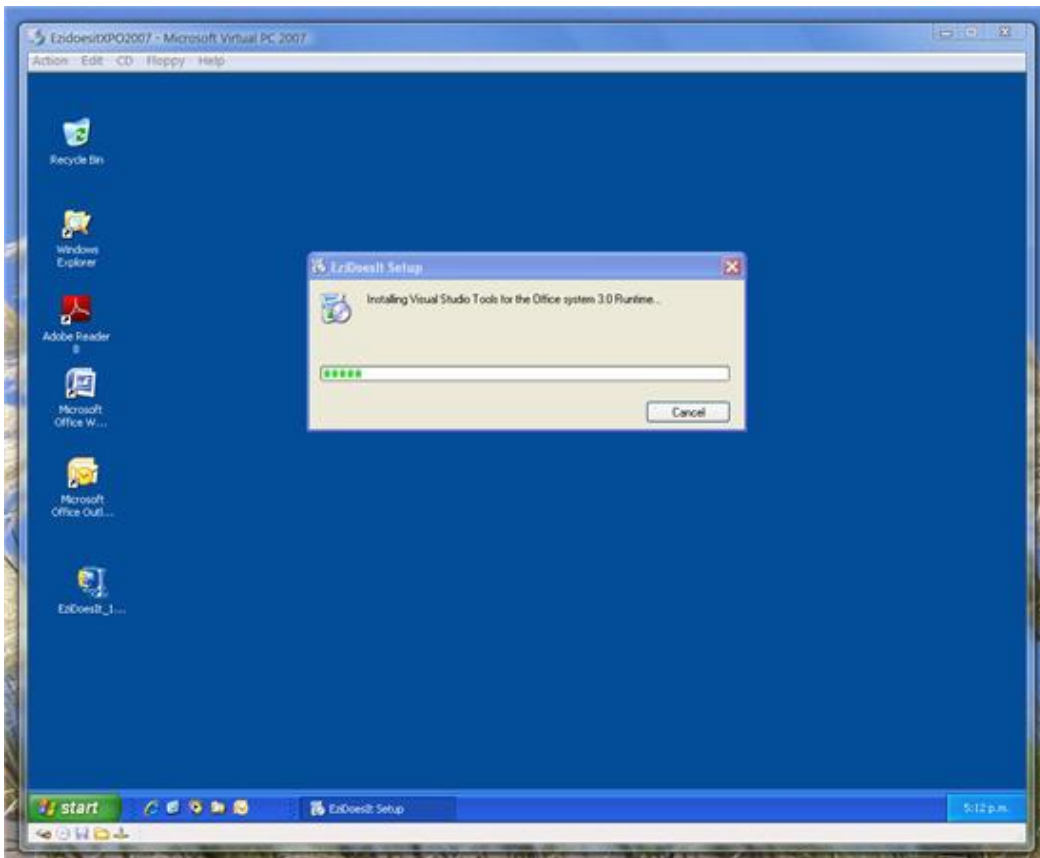

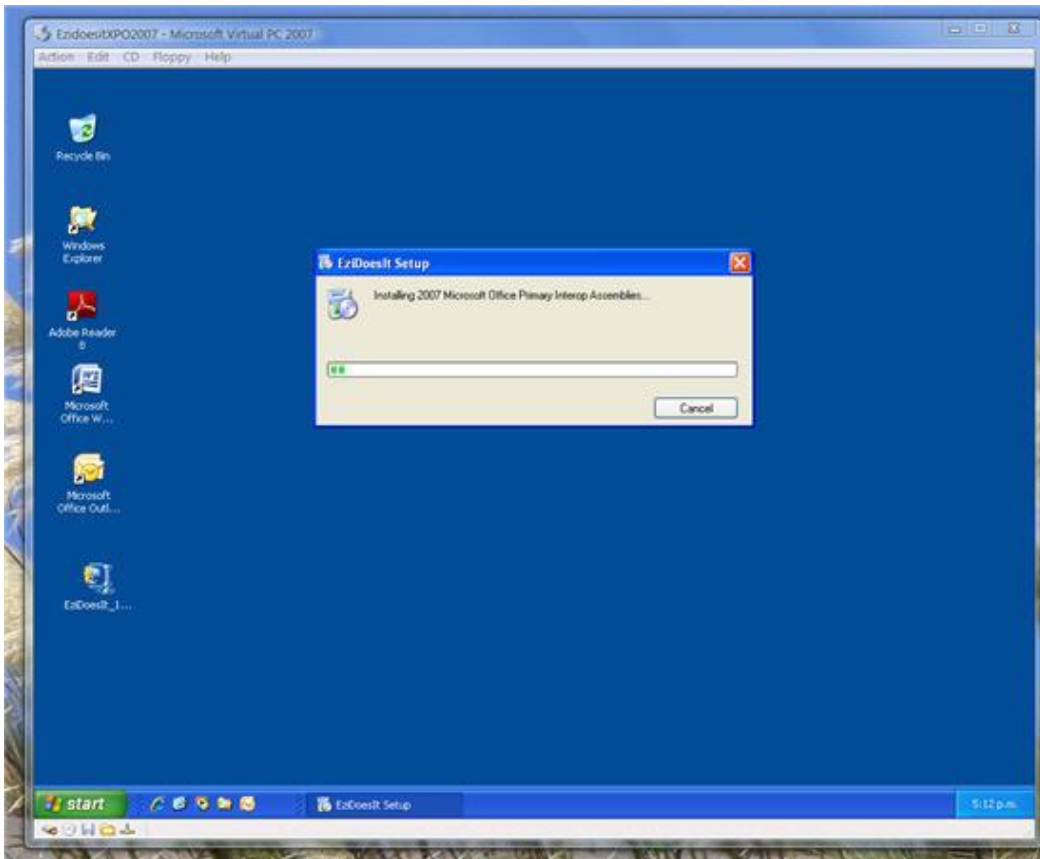

Setup is now downloading files from Microsoft website

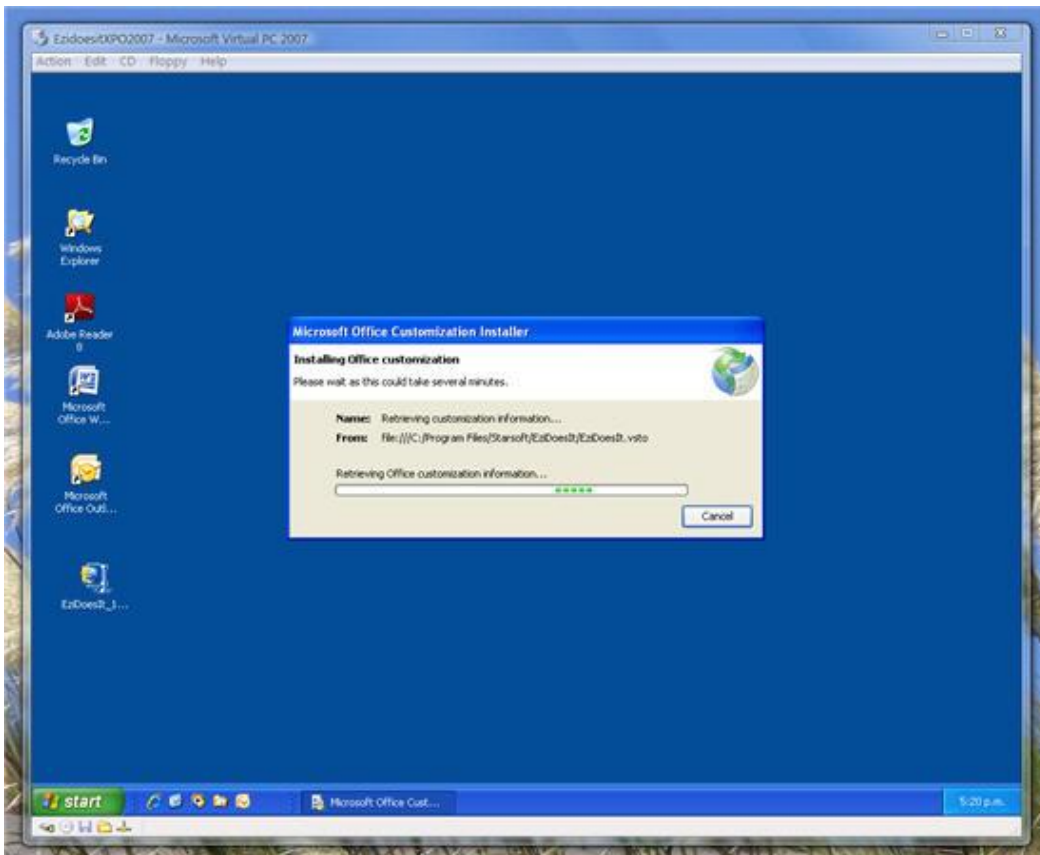

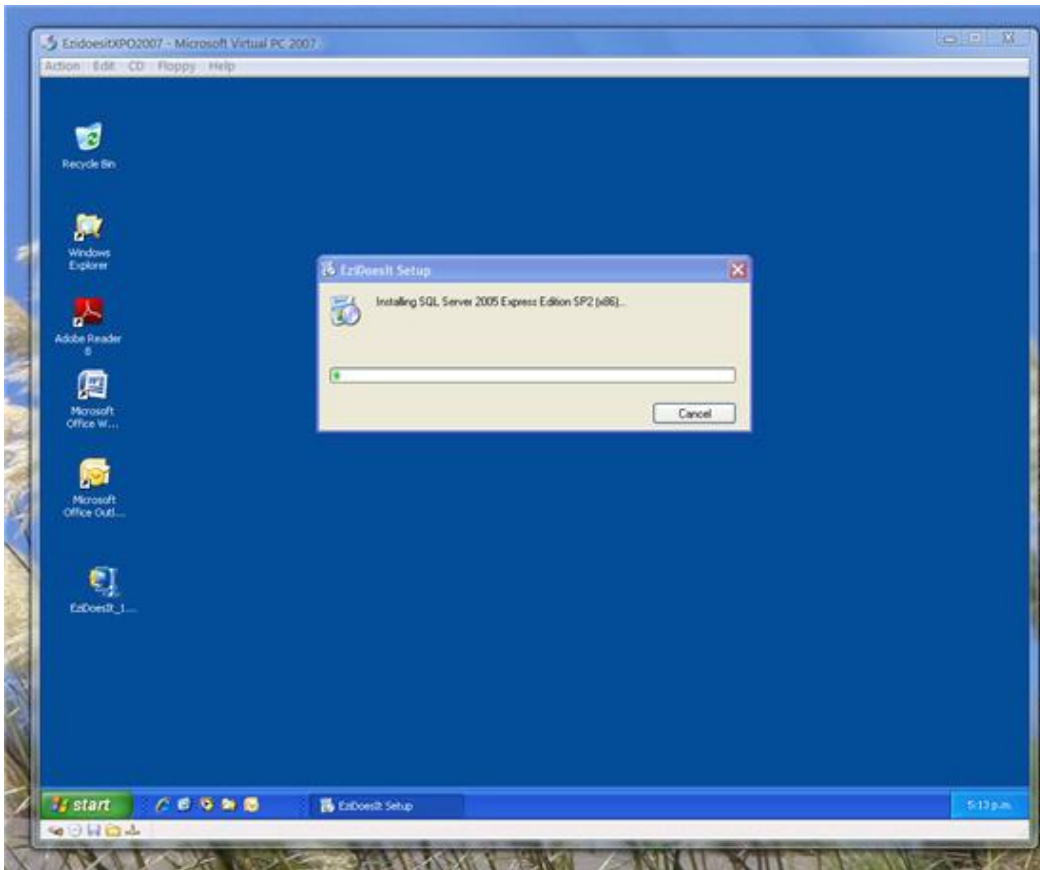

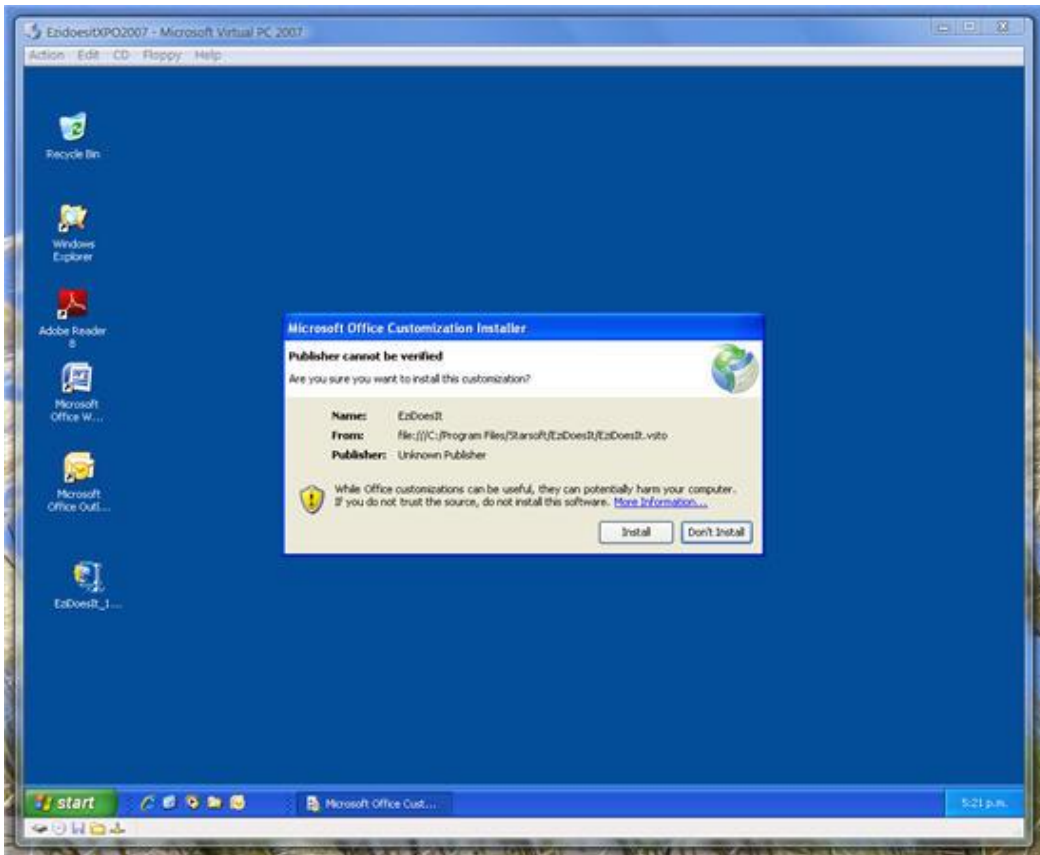

Install Microsoft .NET Framework 3.5. As this first install the .NET 2.0 Framework SP1, then the .NET 3.0 Framework SP1 and then the .NET 3.5 Framework this can take 10 to 15 minutes.

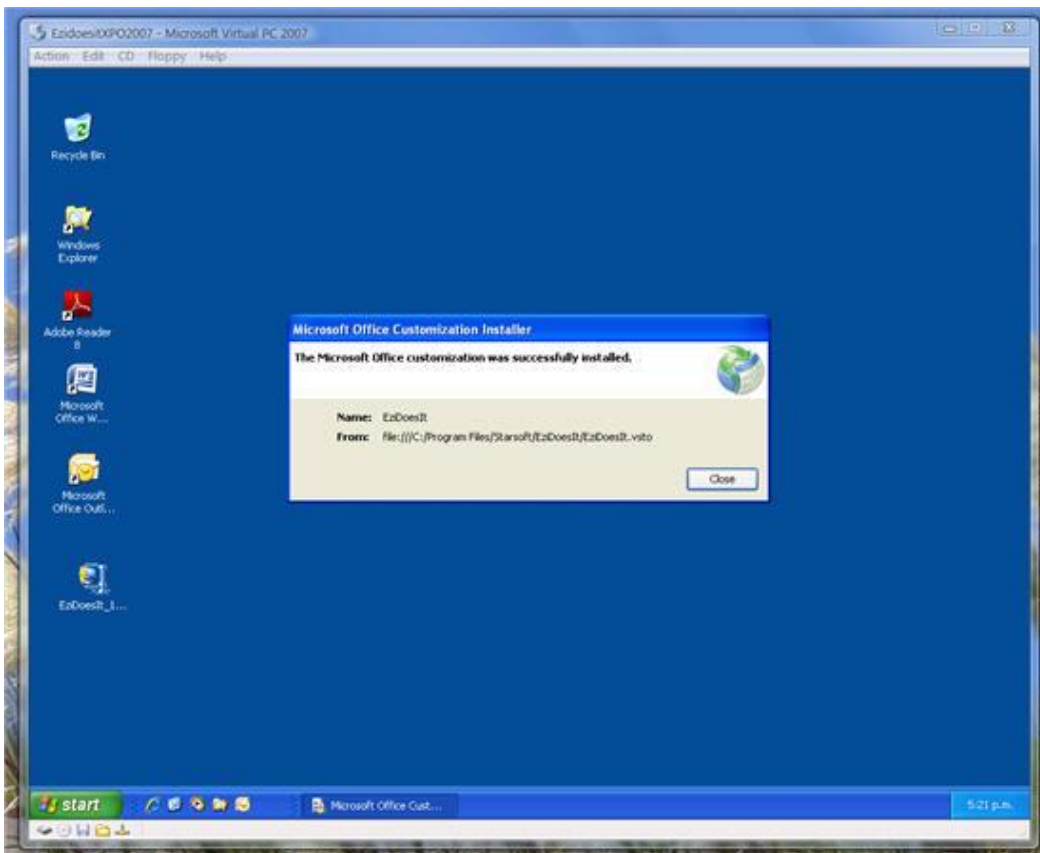

Do not restart the computer at this stage even when it asks you to.

Click on Install to install Ezidoesit

Click Close and restart your computer
